PATRICK WILLIAM HUNT (WILL)

pw.hunt11@gmail.com | (206) 471-1231 | www.linkedin.com/in/william-hunt-7895a3212

EDUCATION

UNIVERSITY OF WASHINGTON   December 2025
B.S. Computer Science, Business Administration Minor   3.59 GPA

WORK EXPERIENCE

USAA
Software Engineering Intern (May 2025-August 2025)
- Incoming Mobile Software Engineering Intern

REV DELIVERY
Software Engineer (March 2024 - September 2024)
- Sole developer and maintainer of a React Native TS mobile app for a high-growth delivery startup, collaborating with 2 co-founders and a designer
- Grew app from 0 to 6,000+ users now handling 6,000 orders per month, and generating $600,000 in sales to date
- Resolved critical issues, including login flows for 6,200+ existing Shopify customer accounts and transitioning payment processors (to Stripe), which also enhanced user experience

MESH FANTASY SPORTS
Product Management Intern (October 2024 - April 2025)
- Revamped a broken MVP to a product that raised thousands in funding
- Led user research, conducted interviews and surveys, found pain points, and led redesign
- Built new features in React Native TS, improved usability, led QA, and prepared for release
- Identified multiple critical bugs that would broken production

BUBBLE BASH GUILD (Stanley Stamm Camp at Seattle Children's Hospital)
President (September 2023-May 2025)
- Raised $125,000 for Seattle Children's Hospital, making us a top 30 grossing guild of the hospital
- Organized 2 successful auctions with 300+ total attendees
- Improved tech infrastructure to expand outreach by 50%, 4x click rate, and grow team to 5
- Started a volunteering program in the hospital's playroom—3 hours/week year round
- Personally volunteered 300+ high-involvement hours at the camp we benefit, ensuring the safety and enjoyment of kids with chronic, often complex medical conditions

PERSONAL PROJECTS

RIPPLE | Dubhacks Next 2025
- Led a team of 3 to develop a mobile app that is a student marketplace strictly for UW students.

UWMP | cseed cohort 0 (2024)
- Developed an MVP for a student marketplace, recognized as a top student at the end of the cohort

SHOUT
- Built room-based anonymous reporting app to enhance safety procedures and responsiveness

MEAL MAKER
- Meal suggestion app based on user ingredients, preference, and dietary restrictions
